About Us :

Global Initiatives Symposium is the best international student conference in Taiwan that aggregates more than 300 delegates from over 21 countries. Out of the hundreds of choices, everyone should apply for GIS Taiwan 2015 without hesitation.

ANNUAL TOPIC :

FROM INDIVIDUAL TO INFLUENTIAL

Annual Topic :

Due to the progress of technology, the power of individual has been taken to a brand-new level. With Internet, the cost of speaking out has been drastically reduced. This evident trend is redefining the economy, politics and education in the world, and indirectly brought about many other phenomena.

Under the topic “From Individual to Influential” , delegates will see the necessary technologies that gave rise to the revolution and possibilities of future developments. Furthermore, we expect delegates to reflect on the influences brought by this change and take actions to really become an influential individual.

Action Project

The Action Project is so much fun! Through the guidance of industrial mentors and consultants from the Big Four, you will propose a constructive project for a specific enterprise. It will not only introduce you to the most advanced, prospective industries, but it will also help you develop a social network with distinguished delegates, mentors, and entrepreneurs.

Social Event

Aside from the academic sessions, there are a load of Social Events during the conference as well! The Opening Banquet of 2014 presented a traditional Chinese New Year where delegates dined with the keynote speakers and entrepreneurs. Come and check out the theme of GIS Taiwan 2015 by yourself if you want to savor the exquisite cuisine and performances!
