

Our Mission and Aim

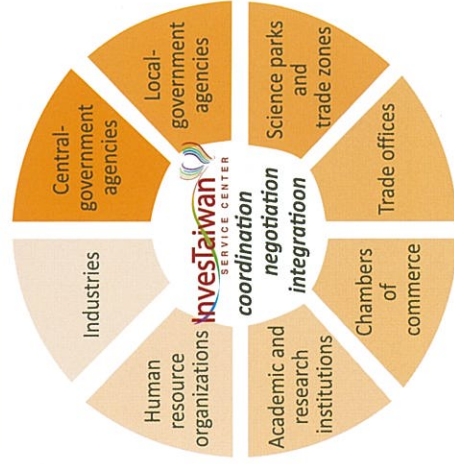

The mandate of the InvestTaiwan Service Center (ITSC) is to work closely with existing and prospective investors, to help them resolve problems efficiently, and to improve their business experience in Taiwan.

As a “one-stop service center,” ITSC provides customized services to investors and interface services with other branches of the government on behalf of its “clients.” In addition, Executive Yuan has launched the “Contact Taiwan”, which aims to strengthen the strategy of talent compete in Taiwan, ITSC has been appointed to offer international recruitment services from August 7, 2015. Through this program, ITSC provides clients with “one-stop services” through a network of overseas missions of the Ministry of Foreign Affairs and an on-line interactive job-matching platform, “Contact Taiwan”, to assist enterprises with recruitment of talented professionals abroad.

Service Framework

Cross-functional Service Team

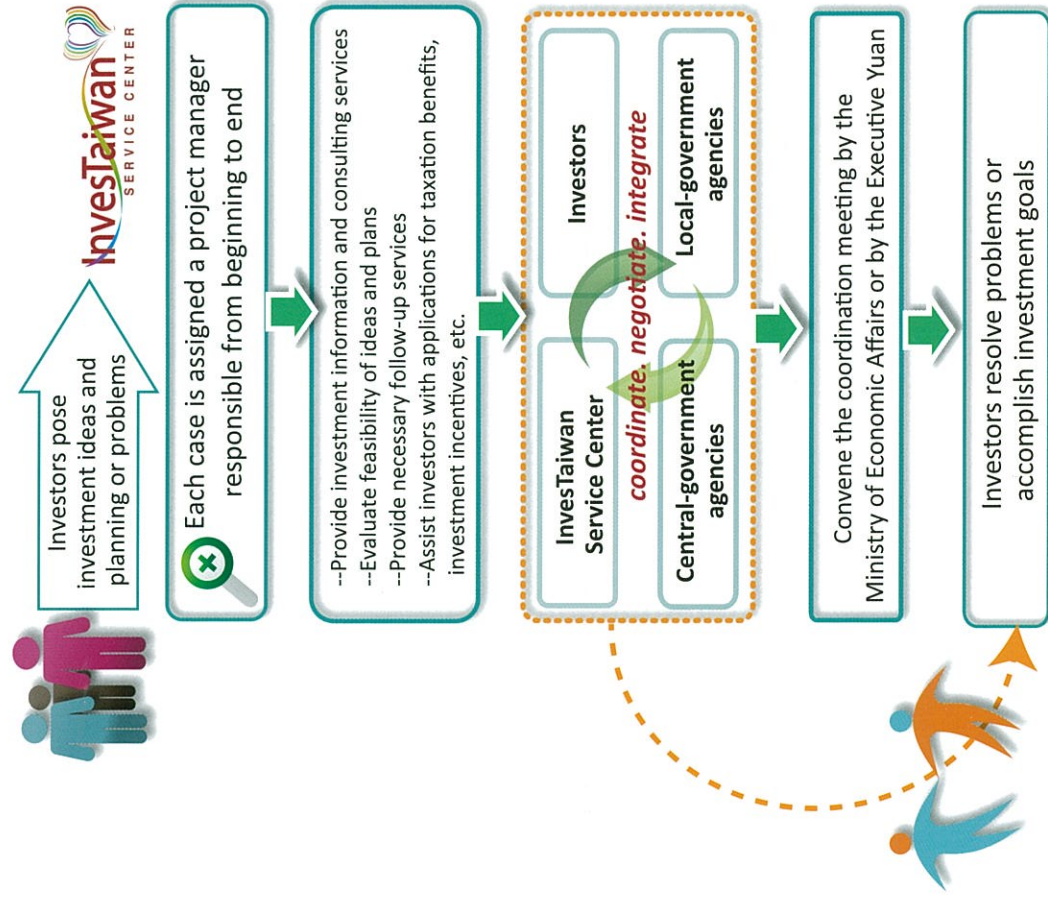

Investment Services

- ▶ Evaluate investment plan and provide consultation services
- ▶ Provide investors with customized, “one-stop” services to solve their problems
- ▶ Coordinate with central and local government agencies to overcome problems encountered by investors and follow-up on the progress of investment projects
- ▶ Identify potential locations for factories or office sites
- ▶ Facilitate related administrative processes
- ▶ Provide investors with the assistance they need to facilitate their investment in Taiwan

Service Process

Each case is assigned a project manager responsible from beginning to end (backed up by a larger team). Nearly 40 staff members, most of whom have technical industrial backgrounds, are encouraged to exercise creativity, flexibility, and perseverance in helping our clients.

Operation Process

Our Promises to Prosper with Global Talents: Focal Areas & Expertise

Talents, both domestic and foreign ones, together with strong international links in innovation have played an important role in Taiwan's well-known entrepreneurship and cluster-based development. Especially in the ICT industry, Taiwan has been a faithful partner to international flagship firms and entrepreneurs.

We have set new agendas and goals to look beyond the medals of today. In climbing the ladder of development, Taiwan offers a valuable stage and opportunity of mutual prosperity for both global talents and Taiwan.

Top Ten Areas for Taiwan to Prosper with Global Talents
