

全球資訊暨線上簽證申請填表系統之最新消息

針對來自阿富汗、馬拉威、莫三比克、巴基斯坦、馬達加斯加、剛果民主共和國及剛果共和國的中華民國(臺灣)簽證申請者之說明

根據世界衛生組織的建議，所有自小兒麻痺症高風險國家阿富汗、馬拉威、莫三比克、巴基斯坦、馬達加斯加、剛果民主共和國及剛果共和國出境之簽證申請者(含居民及過去一年曾停留該國超過四週)，均應提供過去一年內接種口服活性減毒小兒麻痺病毒疫苗(OPV)或不活化小兒麻痺病毒疫苗(IPV)之證明。

Note for R.O.C. (Taiwan) visa applicants who have resided in or visited Afghanistan, Malawi, Mozambique, Pakistan, Madagascar, Democratic Republic of the Congo, and Republic of the Congo for four weeks or longer in the past year

In accordance with World Health Organization recommendations, applicants for R.O.C. (Taiwan) visas must submit proof of having been administered the oral polio vaccine (OPV) or inactivated polio vaccine (IPV) within the past year if they have resided in or visited countries at high risk of a polio outbreak (namely, Afghanistan, Malawi, Mozambique, Pakistan, Madagascar, Democratic Republic of the Congo, and Republic of the Congo) for four weeks or longer within the past year.
