

Taiwan Lantern Festival places a sister city section every year, and it always attracts many cities to cooperate with us.

- The 2015 Taiwan Lantern Festival in Taichung has invited China's Kunshan, Changshu, Hong Kong, Macau, and Japan's Tottori to share lanterns with us.

Preliminary Plan of the 2020 Taiwan Lantern Festival

The 2020 Taiwan Lantern Festival will design three themes according to the different features of each venue.

■ Theme 1: Rainforest Wonderland @ main exhibition area

Combining light sculptures and large puppets, we will bring together the virtual and reality, creating a lantern festival scenery like no other, based on the forest wonderland.

■ Theme 2: Art Fantasy World @ main exhibition area

Lanterns are designed based on animal themes, combined with artificial reality (AR) to create a “lantern zoo” imagery, bringing new visions to the Taiwan Lantern Festival.

■ Theme 3: Children’s Park @ sub exhibition area

Bringing in together scenes from cartoons and fairy tales, and combining scenarios and light technology and modern lanterns, we will create a fairy tale kingdom for all ages.

Preliminary Plan of the 2020 Taiwan Lantern Festival

Located in a suburban area, the main exhibition area is the best place to interact with nature.

We will plan a section for our sister cities' lanterns, building a brand new lantern festival vision with fellow cities.

The vast sub exhibition area is the best outdoor venue for exhibitions and performances.

2020 Taiwan Lantern Festival cooperation's with other cities

Promoting method and cooperation plans

■ Promoting methods and benefits

Anticipated to attract over 15 million visitors, will boost the awareness of cooperating cities

Get the chance to be featured on renowned worldwide media.

■ Cooperation plans

Put up exclusive display sections for sister cities in the main exhibition area, the cooperation plans can be negotiated.

Provide related administrative services according to cooperation content.

We sincerely welcome you to join us
