

# EESL

## E-Learning Master Program of Education and School Leadership

*A full English-taught program at National Chung Cheng University (CCU) that provides those who work at schools and educational institutions around the world with opportunities to build up professional skills through online learning.*

### Study at home

*This program features a **hybrid learning modality** that combines e-learning and a total of two times face-to-face opportunities within the two-year study period (orientation week in the first semester and thesis oral defense week in the fourth semester)*

### Prospective students

*Individuals who aspire to be school leaders and are **currently employed** as a teacher or education professional. Persons working in educational organizations and respective ministries of education are welcomed to apply.*

This program is tailor-made for working professionals; therefore, proof of employment will be required upon application for admission.

### Scholarship available

*Fully funded by the TaiwanICDF scholarship program for successful candidates.*

### Curriculum

*Tailor-made for working professional to enhance their scientific knowledge, ability, and sense of educational policy and school leadership. Moreover, prospective students will expand their knowledge of comparative and international education, multicultural perceptivity, and cultivating comprehensive professional competency which can facilitate a lifelong learning potential.*

### Full English program

*All of our professors are experts in their related fields and are competent in the English language. All courses will be delivered in English.*

All applicants whose native language, or official national language, is not English must provide the latest proof of their proficiency of the English language.
